SCOTTSDALE, Ariz., Feb. 25, 2026 (GLOBE NEWSWIRE) -- WillScot (Nasdaq: WSC), the industry leader in modular building and storage solutions, today announced that its fencing and perimeter-security offering is now available nationwide, marking a significant milestone for the Company and reflecting the rapid scale-up of [RentAFence.com](https://rentafence.com) across the U.S.

"Expanding our fencing offering nationally strengthens our ability to support customers from the very start of their projects," said Tim Boswell, President and Chief Executive Officer of WillScot. "By bringing perimeter security directly into our offering, we're making it easier for customers to plan, scale, and protect their sites, while unlocking new ways to deliver the full value of our modular and storage solutions across the markets we serve."

The nationwide expansion of fencing represents continued progress in WillScot's effort to enhance the overall project setup experience, giving customers a more streamlined, secure, and coordinated way to prepare their jobsites. Supported by the Company's expansive national branch network and reliable service coverage, fencing provides immediate perimeter protection for construction sites, event venues, and other high traffic or high-risk environments. A video highlighting the offering can be viewed [here](#).

As a first-to-site solution, fencing allows customers to secure locations immediately and keep projects organized from day one. By expanding its portfolio to include fencing, gates, and other perimeter controls, WillScot can engage earlier in the project planning cycle and support a more coordinated site setup, streamlining decisions around layout, access, and sequencing while delivering greater value than standalone providers. With relevance across nearly all verticals WillScot serves, fencing also creates an early entry point that drives broader demand for the Company's modular building and storage solutions.

The nationwide expansion of WillScot's fencing offering underscores the Company's ongoing work to extend its temporary space offering and help customers plan, prepare, and protect their sites *Right From the Start*.
